SUPPLEMENTARY INFORMATION:

Agenda

The Advisory Panel will discuss Framework 34 (FW 34): review specifications alternatives in FW 34 and make final recommendations. FW 34 will set specifications including acceptable biological catch/annual catch limit (ABC/ACLs), days-at-sea (DAS), access area allocations for Limited Access (LA) and Limited Access General Category (LAGC), Total Allowable Landings (TAL) for Northern Gulf of Maine (NGOM) management area, target-TAC for LAGC incidental catch and set-asides for the observer and research programs for fishing year 2022 and default specifications for fishing year 2023. Also on the agenda is Evaluation of Rotational Management: Review draft report and provide feedback. They will also receive an update on progress from the Scallop Survey Working Group. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
